Dues (Cash Only) Paid _____ Payment 1st Week of play _____

How to Play

- Goal each week will be to get as many points over your quota as possible based on the point structure that is above.
- Your quota will be based initially on your handicap and then will be adjusted based on your average quota scores from weekly play after a few weeks.
- For example, if your handicap is scratch for 18 holes, your quota for 18 holes would be 36, so for nine holes it would be 18. If your handicap is 6 for 18 holes, subtract 6 from 36 your quota for 18 holes would be 30, so for 9 holes your quota would be 15. If your handicap is 16 for 18 holes, subtract 16 from 36 your quota for 18 holes would be 20, so for 9 holes your quota would be 10. Don't worry, I will keep track of all this and there will be a sheet in the pro shop that lets you know what your quota is each week.
- As you can see the higher your handicap, the lower your quota will be and the lower your handicap, the higher your quota will be. This makes it fair for everyone.
- Places will be determined each week by whoever has the most points over their quota each week.
- Payouts for 1st, 2nd, and 3rd (including ties) each week.
- Payouts for skins each week.

Ground Rules

- Can play anytime from the time the course opens to the time the pro shop closes at 6:00pm on Thursday as long as you play with at least 1 other member of the league that is also playing their active round for the league. No spotters, meaning you CANNOT play with a non-member or member of the league that has already played their league round that day in order for them to validate your score.
- 59 years of age and under play from the whites, 60 and over play from the golds, 75 and over and women play from the reds. 2 handicaps or better, 50 and younger play from the black tees.
- Whoever is working in the pro shop will be collecting money for the league.
- Roll the ball in the fairway, play it down in non-mown areas (except for roots).
- No mulligans, no breakfast balls, no gimmes. Putt everything out unless at double bogey

- Keep track of your actual score and points on your scorecards and circle all birdies and eagles on your scorecard.
- Places and skins for each week will be paid out the following week or if you won money and cannot play the next week, the money will be set aside in an envelope so you can pick it up at your convenience.
- An email will be sent out the weekend following league play to announce the winners from the previous Thursday.
- Cash payouts will be tracked throughout the year and awards will be given for:
 - o Year Long Money Leader – Championship Belt
 - o Sandbagger of the Year (player most points over their quota) – Cash Prize
- Yearlong awards will be awarded at the year-end tournament. Same format but will be for 18 holes, followed by Food and Drink.
- Last but not least, NO CHEATING. Please be honest about your scores and follow the ground rules to the best of your ability. As Jack Nicklaus once said, “If there is one thing golf demands above all else, it is honesty.”

*Yearly point totals for the BTGA events, Bear Trail Events and the Quota League will be used for determining who gets in the year end King of the Hill (date TBD).
